NEEDS YOUR HELP

Economic Impact Measures for Ranking MassDOT Projects

Help us grow our local economy

By investing in transportation, we are able to enhance the economic competitiveness of the Commonwealth, empower our businesses, and improve the quality of life of our residents. To enable us to choose the most effective projects for stimulating our shared economy, the Massachusetts Department of Transportation (MassDOT) is seeking your guidance. By completing the following survey, your responses will *help us better understand your priorities and inform what projects we pursue*. Your input on behalf of your household, business, community-based organization, or economic development organization is greatly appreciated.

Please note that the information you provide will be kept secure and confidential, and will only be combined with the information provided by other respondents to compile aggregate results for this study.

For more information about the project and about MassDOT's prioritization process please contact Derek Krevat by phone at [857-368-8868](tel:857-368-8868) or by email at Derek.Krevat@state.ma.us. The deadline to take the survey is Wednesday, February 28, 2018, follow the link below to take the survey:
